

Craig Percival celebrating the launch of Mackay SLSC's new surf boat

Mackay Surf Lifesaving Club, Surf Boat Donation

Woollam Constructions has kicked in to help pay for a much needed new surf boat for Mackay Surf Lifesaving Club. The three-year sponsorship deal has paid for the brand new \$27,000 streamline surf boat. The club has two older-style surf boats and a new state-of-the art craft was very well received.

Mackay Surf Lifesaving Club currently has three crews, an Open Mens, Open Womens and a Master Mens team, which together boast 25 members. The new Woollam Constructions surf boat will be used for local carnivals, North Queensland tournaments and the state titles. The new boat will benefit from the latest in fibre glass technology, making it light weight and easy to manoeuvre and transport.

Woollam Constructions Managing Director Craig Percival said he was delighted to help the Mackay Surf Club buy a new surf boat for competition. "The Mackay Surf Club has a proud history in surf boat racing and Woollam Constructions is honoured to help this continue."

"We are very happy with the act of generosity by Woollam Constructions. We look forward to watching the new surf boat bring smiles to competitors and crowds alike for many years to come.

This has been a fantastic boom for the surf club and will give us a big boost as we train towards the next state titles. We expect to take supply of the new surf boat in December".
