We greatly value our association with such a community minded firm such as Woollam Constructions. Your belief in supporting community initiatives like The Art on Show Awards ensures the arts will continue to be an integral part of life in Mackay, and promotes cultural life in our Region.

The Art on Show Awards, were established in 2006, and when first approached Woollams were encouraging, and enthusiastic to contribute to the development of this new initiative.

Arts initiatives of this magnitude do not exist without the generosity and support of local business committed to making a difference in our community.

Woollams Constructions commitment began with our first event and has continued, to be a significant part of our annual event. The Woollam Constructions Award, has annually encouraged Mackay`s emerging artistic talent to showcase their work. Winners often gaining the confidence to pursue a professional career, and further develop their talent.

The Art on Show Awards, now a permanent part of Mackay`s arts calendar, with you invaluable assistance have achieved phenomenal success. Highlighting our regions artists, attracting entries, high profile artists, and distinguished guest judges, from interstate.
